ULTRAWAVE TECHNOLOGIES

UW-FAC-T

Waterproof Metal Fingerprint Keypad Access control

Product Feature

- Metal case design,Touch backlight keypad
- Semiconductor fingerprint sensor
- support 10000 card/code users & 300 fingerprints
- Wg26 Input/Output
- Access ways: Card,Code,Card+Code,Mobile phone APP tuya WiFi
- 3 Working modes: Relay toggle mode、
  Standalone access control mode/ Pure reader mode
- Support remote unlock & Manage users with mobile phone App tuya WiFi
- Set temporary code,Check visitor records tuya WiFi

Specification

Card type	EM/MF	Waterproof	IP68
Working voltage	DC 12-24V	Idle current	≤35mA
Operating current	≤100mA	Lock output load	≤1A
Operating temperature	-40～60℃	Short -circuit protect	≤100us
Operating humidity	0%～95%	Reading range	2-6cm

Dimension
